

Adherence To Antenatal and Postnatal Service

<http://ataps.herokuapp.com/>

Whom it's for

ATAPS is open to everybody but more specifically...

- Expectant Mothers (and Fathers).
 - First-time mothers
 - People in Pre-pregnancy preparations
 - Mothers with New Borns
 - Anyone interested in maternal health
 - Medical Students
-

How it Works

- An expecting mother registers by sending REGISTER to our short code
 - The expecting mother receives questions to help identify the status of the pregnancy.
 - Once the expecting mother is registered the system sends weekly messages to keep the mother informed throughout the pregnancy.
